

CHALLENGER SOCCER ACADEMY

Marion County Youth Soccer

The most successful youth players throughout the world all receive regular well planned Training Sessions which follow a consistent philosophy to develop their players. The Challenger Soccer Academy offers your players the opportunity to train with the best as they participate in supplementary practices designed around the world's top youth academies. With no emphasis on winning, our practices only have one goal, and that is to develop and improve each individual both on and off the field!

All our practices are taken from our Developmental Curriculum that has been designed by experts from around the world as we highlight the skills and needs for each Academy Phase of Development.
